**APPLE PRODUCTS iOS 18.6.2 UPDATE**

**8/22/2025**

**Information:** Apple iOS 18.6.2 Update Installation

**Action Required:** Urgent updates for Apple software on iPhones and iPads are now available and should be installed as soon as possible. This update is required to address critical security vulnerabilities in Apple products.

Updating to the latest operating system should be done on all personal Apple devices (including Macs and Apple Watches), as well as county-issued devices.

Please perform a backup on your iPhone/iPad prior to the update. Go to **Settings > General > Software Update**. Then tap **'Download'** and **'Install.'**

**Contact:** For questions or more information, please reach out to Kim McCabe ([mccabek@oakgov.com](mailto:mccabek@oakgov.com)) or Sheryl Robenault ([robenaults@oakgov.com](mailto:robenaults@oakgov.com)), TII Division.
