REQUESTS FOR DIGITAL MEDIA EVIDENCE

8/10/2026

Information: All requests for reports and Digital Media Evidence (DME) MUST be made using the request form (**I:\Drive > Sheriff > OCSO Documents > Digital Media Evidence**); NO EXCEPTIONS. Any other forms are out of date and will NOT be accepted. DME includes in-car video, BWC video, CCTV Jail video and calls/radio transmissions from Dispatch.

Scheduled Date/Time: Effective immediately

Action Required: Complete the attached form and send it to the Records Unit via fax, inter-office mail or email (RecordsDMRequests@oakgov.com). OICs should continue to provide the Prosecutor's Office with all evidence relating to their case at the time of the warrant request. If an OIC needs specific audio transmissions or jail video that they cannot access themselves, they should utilize the new form to obtain the DME needed for the Prosecutor's Office.

If you are contacted by another law enforcement or governmental agency, advise them to contact the Records Unit directly via email for police reports or DME.

Contacts: If you have questions, please contact Cheryl Jacobson, Records Unit Supervisor, at 248-858-1011 or jacobsonc@oakgov.com.
